

2012 Lighting New Construction Rebate Application

City of North St. Paul

If you have questions while completing this form, please contact your hometown electric utility weekdays during business hours for assistance.

Phone: 651-747-2413
Fax: 651-747-2425
Email: barb.huelsman@ci.north-saint-paul.mn.us

Send your completed application to:

City of North St. Paul
2400 Margaret Street
North Saint Paul, MN 55109

Checklist For Application:

- Dated detailed invoice
- Completed Application including Rebate Calculation Table

By participating in our We Save program, you can keep save energy and earn a rebate when you purchase and install qualifying lighting equipment in new buildings, additions to existing buildings, or major renovations of an existing building. If your project does not fit one of the descriptions below, please contact your local utility to determine if your project qualifies for a custom rebate.

What products are eligible for the rebate?

The following equipment is eligible for the Lighting New Construction Rebates. Please see Lighting New Construction Rebate Calculation Table for more details.

- Fluorescent T5 Lamps with Electronic Ballast
- Low-wattage T8 Lamps
- Compact Fluorescent Fixtures (Hard-Wired or Modular only)
- High-bay Fluorescent T5HO, T8 and T8VHO Lamps with Electronic Ballasts
- Ceramic Metal Halide Fixtures
- Pulse-Start Metal Halide Fixtures
- ENERGY STAR Qualified LED Lamps and Commercial LED Downlight Fixtures
- Refrigerated LED Case Lighting
- Exterior LED Canopy and Soffit Fixtures

How Do I Qualify?

1. General Qualifications

- Rebate offered to non-residential electric customers served by a local municipal utility that is a participating member of MMPA.
- Lighting equipment must be operated during weekday on-peak demand hours (6 a.m. - 9 p.m.) except LED Canopy and Soffit fixtures.
- Rebate applies to indoor lighting except LED Canopy and Soffit fixtures.
- **Rebates will be given directly to customers and will not be given to Lighting Suppliers or Contractor.**

2. Application - Limited Funds

Rebate requests are processed on a "first-come first-serve" basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time. The customer is responsible for checking with your local municipal electric utility to determine whether the program is still in effect.

3. Inspection and Verification

The Utility reserves the right to conduct an inspection of the site after installation to verify that all the program rules and requirements have been complied with. If the Utility finds that the customer has not complied with its rules and standards, any rebate the customer has received must be returned to the Utility.

4. Installation and Rebate Limitations

Installation must be completed before submitting rebate application. The Utility will issue rebates in the form of checks, not utility bill credits. The minimum rebate is \$5. Rebate paid cannot exceed the purchase price of equipment. Maximum rebate is set by City.

Page 1 of 2

How do I qualify? (continued)

5. Invoice and Payment

Following installation of new lighting, the customer must notify the Utility and submit invoices specifying the quantity and price of all materials purchased, the date ordered, installation costs and applicable taxes. The invoices should also contain the contractor's name and address as well as the customer's name and installation address.

6. Equipment Eligibility Requirements

All equipment must be new and meet specification requirements.

7. Tax Information

The Utility will not be responsible for any tax liability imposed as a result of the rebate payment(s). Customers are advised to consult their tax advisors before submitting rebate requests.

8. Disclaimer

The Utility gives no warranties, expressed or implied, with respect to equipment operation, material, workmanship or manufacturing. The Utility does not guarantee that the implementation of energy-efficient measures or use of equipment purchased or installed pursuant to this program will result in energy or cost savings. In no event shall the Utility be liable for any incidental or consequential damage.

9. Privacy

Information contained in this rebate application may be shared with the Department of Commerce and the Minnesota Municipal Power Agency.

10. Rebate Exclusions

- Rebate will not be given for equipment or designs that do not comply with local, state or federal regulations.
- The Utility is not liable for rebates promised to a customer as a result of a contractor misrepresenting the program.
- Customers must apply for rebate within a year of the purchase date shown on the equipment invoice.
- Qualifying customers must apply for rebate by November 30, 2012.
