- Completed Application

By participating in the We Save program, you can save energy and earn a rebate when you purchase ENERGY STAR qualified Compact Fluorescent Light bulbs in single or multi-packs.

What rebate can I earn?

\$2 per bulb or purchase price, whichever is less* (max. rebate \$100)
 * **Rebate may not exceed purchase price.**

What does it mean to be ENERGY STAR Qualified?

- Can save more than **\$40** over the life of the bulb
- Use **75% less** energy than incandescent bulbs
- Last **6 times** longer than incandescent bulbs

Which CFLs should I buy to replace my current incandescent bulbs?

To choose the right CFL for you, find the light output you need and then choose the bulb with the lowest wattage. The table below shows the CFL equivalent of common incandescent bulbs.

Incandescent Bulbs watts	Minimum Light Output lumens	ENERGY STAR Qualified CFLs watts
40	450	9 to 13
60	800	13 to 15
75	1,100	18 to 25
100	1,600	23 to 30
150	2,600	30 to 52

How Do I Qualify?

- Residential customers receiving electric service from a local municipal electric utility that is a participating member of MMPA are eligible for a rebate when they purchase qualified CLF bulbs in single or multi-packs and install them in a home that receives electric service from that local municipal utility.
- Customer must apply for rebate within one year of the purchase date shown on the sales receipt.
- Rebate is \$2 per bulb or purchase price, whichever is less, with a total rebate limit of \$100 paid to customer. Limit one rebate per customer account per year.
- Rebated bulbs may not be used for resale.
- Rebate applications must include a copy of dated sales receipt and UPC code and ENERGY STAR label from each bulb package. Incomplete rebate applications will not be processed.
- Rebate requests are processed on a “first-come first-serve” basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time. The customer is responsible for checking with your local municipal electric utility to determine whether the program is still in effect.
- Qualifying customers must apply for rebate by November 30, 2012.
