# 2026 ENERGY STAR EV Charger Rebate Instructions

By participating in the We Save program, you can save energy and earn a rebate when you install an ENERGY STAR Level 2 Networked Electric Vehicle Charger (EV Charger).

## What rebate can I earn?

ENERGY STAR Level 2 Networked EV Charger = \$250

## What does it mean to be ENERGY STAR Certified?

ENERGY STAR certified EV chargers provide the same functionality as non-certified products but use 40% less energy in standby mode, reducing their impact on the environment. Level 2 chargers are 10% more efficient than Level 1 chargers, while adding approximately four times more miles per hour of charging.

## What is a Networked EV Charger?

Networked, or smart, EV charger models are able to connect to Wi-Fi or a cellular network which allows for remote power monitoring and control of the charging of the connected vehicle through a downloaded app.

## Rebate Qualifications and Program Rules

- Residential customers receiving electric service from the City of North St. Paul are eligible for a rebate.
- Only ENERGY STAR Level 2 EV Chargers are eligible. Charger must be a networked or smart charger.
- The EV Charger must be installed at the home residence of the customer applying for the rebate.
- A 200 amp bi-pass meter socket to feed solely the EV Charger must be installed. Proof of electric permit may be requested by the city.
- Time-Of-Use meter must be installed, balance paid in full, and Time-Of-Use program must be currently active before requesting a rebate.
- Customer must have completed the necessary inspections and have proof if requested.
- Customer must apply for rebate within one year of the purchase date shown on the sales receipt. The sales receipt must include the EV Charger level, description, and price.
- Rebate forms must include: (1) Rebate Application and (2) dated sales receipt. Incomplete rebate applications will not be processed.
- Limit one rebate per customer account per year.
- Rebate requests are processed on a first-come first-serve basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time.
- Qualifying customers must apply for rebate by November 30, 2026.

### Rebate Forms Checklist:

- Rebate Application
- Dated sales receipt
